Bachelors of Science in Interior Design, 2005

FIDER & NASAD Accredited

Student member of ASID

Skills Highlighted : AutoCAD 2002-2009,

VIZ, Photoshop CS2, Illistrator,

Hand Rendering and Hand drafting.

**HB Plant High School - Tampa, Florida**

Class of 2001

## Professional Experience

**Rustic Steel Creations - Tampa, Florida**

Director of CAD/Engineering

October 2007-November 2008

As a CAD Specialist, I created all fabrication drawings and architecturally inspired designs for the engineering department. Designs range from custom entry gates, stair railings, and furniture designs. As an employee for a growing company, I regularly conducted organizational planning programs utilized between the engineering and production departments in order to facilitate the accuracy of information used in product development.

**Robb & Stucky Interiors - Palm Bch Gardens, Florida**

CAD Specialist/Design Assistant

February 2007-October 2007

I handled all CAD drawings for 27 Designers. Drawings range from floor plans, finish plans, elevations to full 3-D computer renderings.

My duties were not limited to CAD, but I assisted designers with all presentation boards, space planning, pricing and material specifications.

**Robinson Hill Architecture - Irvine, Florida**

Job Captain/Design Assistant

February 2006-September 2006

Worked in design development phase to construction documents phases of retail spaces, golf course maintenance yard, restaurant, and shopping plazas. Assisted Project Managers, Interior Designers and Architects with measurements, graphics, client interactions, building permit submittals and all other project production aspects.
